NO LONGER DO WE FEAR FOR OUR PALATES

Can you forget the queer as well as unpleasant sensation that is connected with a dose of castor oil? It almost makes us shiver when we think of those past experiences. But the Standard Oil company has brought into the world something to take the place of that medicine "Ma used to give us when we was a kid." It's called Calol. It is manufactured by the Standard Oil company in this city and it "hasn't and taste at all', according to Fred LaMoine. We haven't sampled any, but will take Fred's word for it.

The new liquid is manufactured from crude oil and several other ingredients. Formerly it was imported from Russia. And its a local product, too. Think of what the coming generation will miss, if castor oil is no longer used!

MAN KILLED BY TRAIN AT OLEUM

Charles Harkinson, a sailor of the Standard Oil tanker De Soto was run down and killed Tuesday night in the tunnel at Oleum. The body was not found until yesterday morning. The remains were badly crushed. They were removed to the Smallwood Undertaking Parlors and an inquest will be held in a few days. The murder theory advanced is scouted by Coroner C. L. Abbott.

MALIANNI RITES WILL BE TODAY

They have 601 signatures on the petition, but as 1050 are necessary, it was decided to wait until later when the matter will be put on a special ballot.

Mayor E. J. Garrard presided at the meeeting. A discussion of the proposition was participated in by J. B. Willis, F. G. Little, John G. Gerlach, Levi Boswell, R. L. Fernald, Lee D. Windrem, Lee Adams, Edward McDuff and George Green. A garage will soon be erected on the west side. Two members were admitted last night. They were Levi Boswell and Lee D. Windrem.

An inquest to determine the cause of the deaths of Bert Talbot and Harold Bennett, who were killed in an explosion at the Hercules Powder works August 31st, will be held this evening at the Hercules Town Hall by Coroner C. L. Abbott. Fifty witnesses have been supboened.

ARRESTED ON DAD'S WARRANT

TENDERED SURPRISE

A surprise party was last night tendered Mrs. H. V. Fernald. Mrs. Fernald received a number of beautiful presents. Dancing and music were the diversions of the evening, following which refreshments were served. Those present were: Mr. and Mrs. H. Howard, Mr. and Mrs. T. H. Moore, Mr. and Mrs. H. Brown, Mr. and Mrs. Henry Dever, Mr. and Mrs. R. W. John Word, Contractor Declared Unfair By Council Last Evening

The Contra Costa Labor Council met last night and announced that John Word, Richmond contractor, is unfair to organized labor. Notification of this action will be sent to all unions and all union men and women and union sympathizers are urged to keep away from this job. Word has the contract for the improvement of Tenth street from Barrett to Pennsylvania avenues. He has refused to listen to the union organizations. He stated over the telephone last night that "I'll put that contract through in spite of the unions or old hell. "

A rather inelegant expression, but one which certainly demonstrates Mr. Word's opinion of "justice" to his fellow man. Yesterday Mr. Word had about twenty men at work on the job let him by the city of Richmond which the union men and women are paying for.

With possibility one or two exceptions EVERY ONE OF THOSE MEN CAME FROM SAN FRANCISCO. Several, according to information at hand are professional strikebreakers, sometimes referred to as "gunmen." However in trying to "break" a union this is not unusual and readers should not be the least bit alarmed if some of these "visitors" become "playful."

The Daily News or the unions of Richmond have no desire to pick a quarrel with Mr. Word. That gentleman has violated all of the rules of unionism. He refused to listen when the unions of Richmond attempted to enter negotiations with him for an amicable adjustment of difficulties. In an evening newspaper he blames Mr. Fred Heckman, business agent for the council for "being responsible for the trouble".

Now Mr. Word should realize that this is not a personal issue. It is an issue which concerns every resident of the city of Richmond. If it were true that Mr. Heckman had "caused the trouble", Mr. Word, with his long experience as a business man should have gone to the unions and explained his reasons for refusing to hire union men at union wages. And Mr. Word had plenty of opportunity to do so.

SIX WEEKS AGO WORD WAS CITED WITH A NOTIFICATION TO APPEAR BEFORE THE CONTRA COSTA LABOR COUNCIL. HE DID NOT APPEAR. IN OTHER WORDS, HE NO ONLY REFUSED TO RECOGNIZE THE UNION BUT ALSO DID NOT HAVE THE COURTESY TO ANSWER A COMMUNICATION FROM A BODY REPRESENTING THE UNION PEOPLE OF RICHMOND.

Do the people of Richmond realize what this importation of "strikebreakers" means? Do the merchants realize what it means?

Possibly they do not.

HERE IS WHAT IT MEANS: SEVERAL HUNDRED MEN EMPLOYED ON THE IMPROVEMENT OF RICHMOND STREETS ARE MEN BROUGHT HERE FROM OUTSIDE CITIES. THEY DO NOT LIVE IN RICHMOND. EACH MORNING THEY COME FROM THEIR HOMES IN OTHER CITIES AND IN THE EVENING THEY LEAVE FOR THEIR HOMES. IN OTHER WORDS EVERY CENT OF MONEY WHICH SHOULD BE LEFT IN RICHMOND FOR LOCAL MERCHANTS IS SPENT IN OTHER CITIES.

The money of the Richmond workingman is being sent out of the city and he is not even given a fair opportunity to earn a living. City Attorney Hall stated last night that the city could do nothing to force Mr. Word to hire union men. Mr. Word has the union men in a tight corner. He knows that they cannot fight back. He is taking an unfair advantage. But in taking that unfair advantage he is demonstrating to the people of Richmond, the necessity of a local ordinance PROVIDING THAT ALL CONTRACTORS BEFORE BEING ALLOWED A CONTRACT MUST AGREE TO EMPLOY LOCAL MEN.

City Councilman Otto Ludwig spent a large part of yesterday in investigating the matter. "The council's hands are tied," he said. "but it is a shame that there is not some provision in the city ordinance to protect local workingmen."

The Daily News will tomorrow morning publish an interesting letter received last night. It contains some interesting material relative to the local situation.

LOAN OF BILLION WILL HAVE NO EFFECT HERE

As a result of the publicity given the proposed loan of one billion dollars by American Capitalists to the English Allies, many with accounts in local banks are becoming apprehensive as to the safety of the institutions. "While I have no opinion to offer as to what the result of such a gigantic loan would mean in the eastern states," said a local banker last night, who for obvious reasons asked that his name be withheld from print," the people of Richmond can rest assured that the loan will have no local effect as far as the banks are concerned. The bank with which I am connected will not loan one dollar and I am positive that none of the local institutions will do so. The big banking interests in San Francisco have shown no apparent fear of the loan and I am confident that the west will not be affected. At any rate, the people of Richmond need have no fear that any of the local banks will go into bankruptcy."

WHY NOT SPRINKLE ROAD?

The tunnel road is closed temporarily while repairs are being made. In the meantime, automobilists are being diverted by way of Morago canyon and Franklin Canyon roads. The dust is between six and eight inches in depth on these roads and autoists are finding the traveling dangerous. The Daily News suggests that the Supervisors of this particular district get a water wagon into action and "lay the dust." A water tank is located near the road and the expense of sprinkling the road would be of no great consequence.

A BISHOP ON TRADE UNIONISM

At Brisbane, Queensland, Austria, in a speech before churchmen, Bishop Long of Bathurst, New South Wales, said: "If it had not been for unionism, nothing would have saved the workingman. The latter has only his labor to sell, and the only way to protect himself was by uniting. There is nothing in the simple annals of the poor to compare with the daring sacrifices of the splendidly heroic leaders of British trade unionism. The early apostles of trade unionism were scoffed at. They were told that the laws of political economy were against them, but they replied they would be against political economy. The logic was on the side of the man who was laughed at. After years of being illegal, as it was supposed tobe, in restraint of trade, and after suffering its leaders to be imprisoned and enduring obloquy, trade unionism has asserted itself, and the present generation has come into the first fruits of victory."

EXTEND EIGHT-HOUR RULE

Acting Secretary of the Navy Franklin D. Roosevelt has sustained the position of the A. F. of L. metal trades department that the Federal eight-hour law should apply to torpedo-boat engines manufactured by sub-contractors.

The law gives heads of Government departments power to buy supplies in the open market regardless of the hours employed in the manufacture of these supplies. The unionists have held that torpedo-boat engines are built under special specifications and are not a commodity as generally understood.

Acting Secretary Roosevelt has sustained this position and has written the following letter to Secretary Berres of the metal trades department:

"Referring to your inquiry of the 19th instant concerning the departmens's decision on the question as to whether the construction by the New London Ship and Engine Company, as sub-contractors of the Electric Boat Company of the engines for submarine boats for the navy is to be regarded as eight-hour work, I have to advise you that on the 19th instant the department addressed to the Electric Boat Company a letter, saying.

" 'Heretofore the department, following opinions of a preceding Attorney-General, has held that the engines for submarines under construction by your sub-contractor, the New London Ship and Engine Company, were excepted from the eight-hour rule by the second section of the act, as being materials or articles that may usually be purchased in the open market and not of a kind customarily manufactured by the Government, but the view of the Attorney-General set forth in said opinion makes it plain, as you will see upon perusal thereof, that the engines of submarines fall within the eight-hour restriction, and not within the exception therefrom of the second section of the act.

" 'It is requested that you inform your sub-contractor, the New London Ship and Engine Company, of the foregoing, and instruct the company to observe the requirement of the eight-hour law in the construction of the engines they are now building for submarine boats, under contract with you, for the navy.' "

HOW TO MARRY SEVEN LASSIES

Seven daughters, all charming, but without husbands in a quaint Hungarian town furnisher the plot for a charming comedy for Marguerete Clark and a strong supporting company. In a handsomely staged photo play, this drama, "The Seven Sisters" comes to the Richmond theater this evening.

There is plenty of real clean comedy with a charming love story exploited in the five reels from the Famcus Players studio of stare. This big attraction with a Keystone comedy and a two reel playlet means a pleasing bill for tonight.

THE BATTLE FOR STATE TITLE BEGINS NEXT SUNDAY: EVERY RICHMONDER SHOULD BE THERE

The Souther Pacific champions, the club which a week ago Sunday gave the Richmond Elks one of the hardest battles of the season, will envade Richmond next Sunday with a club considerably stronger than was presented in the previous meeting. The railroaders are determined to win. They will bring with them a large delegation of railroad men from the bay cities. The contest is of more importance than the average fan would be lead to believe. From now until the end of the season, Richmond must win a majority of the contests played. Sunday's exhibition will allow the fans an opportunity of seeing just how the Elks will appear for that title. Not only the loyal fans, but every Richmond booster, should be present. This is an advertisement for the city and if the Elks can land the state title as they seem to be certain to do, the results will be greater than thousands of dollars spent in display advertising outside of the state. The Elks are recognized the state over as being one of the fastest clubs in the bushes. But the fans and boosters must get out and give the boys a little verbal encouragement.

Remember the state title is in the balance and as Richmond has the club to take the title, it is up to the fans to get out and give all the assistance which lies in their power.

Louie Lowenberg will entertain the Richmond Elks at San Rafael a week from Sunday. Like Denny Jehophat Healey Louie is great for jitney chasing but the Free Lunch Kink has not yet succeeded in heading Denny off for first honors. Louie's gang defeated the Elks earlier in the season. However, if fans will remember the contest was played on a Saturday afternoon and a majority of the local players were unable to participate. Beham, the young man who did the trick at that time will officiate on the mound for San Rafael.

Then a week later, Mr. Healey will lead his poultry men from Petaluma into this city.

Many of the fans are wondering when the Sebastopol-Richmond contest will be staged. Thomas and Luce are at present arranging for the contest but because of the importance of the contest, both managers are very cautious. Luce wants to play at San Rafael, while Thomas says that Sebastopol is more logical location for the affair. The game will be played probably the Sunday following the Petaluma match. This is certainly going to be a warm battle, too, believe us, Evangiline.

The Elks are certainly putting up a great brand of baseball. Every member of the club is working hard and unless something unforseen occurs, Richmond will grab the title.

Some enterprising concessionaire should sign Healey and Lowenberg up. They're a pretty pair of freaks.

AUTO BUSSES TO CARRY THE FANS

Two auto busses will leave Eleventh and Macdonald Friday evening for Martinez where the Martinez Athletic club will hold its show. Quite a gang of local fans will attend the festivities. Kid Smiley, the famous fighting kid will trade swats with Ray Dixon in the main event. A bout that should bring out a large crowd of local fans will be that between Frank Brazil, the classy local scrapper and Ivy Johnson, and Oaklanded who has been showing up in good form in these parts. The other participants in the entertainment are all lads of considerable fame.

The other day at our premium parlor a woman remarked that she saw no reason why folks saved other than American Trading Stamps.

Which is quite true indeed when you compare the premiums you receive with one book of 500 American Stamps and the premiums you receive with other profit-sharing plans.

Better start to save an American Book today.

The merchants who display the Red-White and Blue signs saying "We give American Trading Stamps" are the ones you should patronize—not because of the sign but because merchants giving American Stamps have the Best interests of their customers at heart.

You can depend on them.

Some women who would never listen to the idea of "saving trading-stamps" are now most enthusiastic about American Trading Stamps. It is because a stamp has at last come to Richmond that realizes the value of giving something back—American Stamps give you more than any other profit plan in existance.

Start to save a book today—only 500 stamps to fill one.
